The Changing Political Climate Guided

Changing Political Climate The political climate is the aggregate mood and opinions of a political society at a particular time. It is generally used to describe when the state of mood and opinion is changing or unstable rather than in a state of equilibrium. The phrase has origins from both ancient Greece and medieval-era France.

The Changing Political Climate: Guided Reading

The science of climate change is clear, as is the view of the American majority that this is an urgent issue of public policy. The dynamic now centers around the president and his party's drive to maintain power. The climate issue is a loser for Trump unless he can redefine it as an issue of government overreach and over-regulation.

Mark Rosenman, Director, Caring to Change. April 21, 2017. The election of Donald Trump, together with Republican control of the U.S. Senate, the House of Representatives and most statehouses, is both a reflection of and serves to underscore the dramatically altered political climate in America. Many nonprofit and philanthropic leaders are scrambling to figure out how they can best operate in this new environment.
